

## **Miriam Wiggins-Lewis**

Miriam Wiggins-Lewis is a Senior Prenotice Coordinator/Senior Advisor with EPA's New Chemicals Prenotice Branch, Chemical Control Division in the Office of Pollution, Prevention, and Toxic Substances, where she has responsibilities for implementing guidance on Toxic Substances Control Act (TSCA) section 5 substantive issues. The branch is responsible for providing direct response to inquiries, which involve technical, regulatory and procedural, issues relating to the premanufacture notification requirements and related policies for new chemical substances under TSCA.
