DATE: June 14, 2007

TO: Firm Clients and Friends

FROM: Bergeson & Campbell, P.C.

RE: Eighth Antimicrobial Workshop Materials Available from Bergeson & Campbell, P.C.

On May 30-31, 2007, the Eighth Antimicrobial Workshop was held in Arlington, Virginia. The American Chemistry Council Biocides Panel, the Consumer Specialty Products Association, and ISSA sponsored the Workshop, which was conducted in coordination with the U.S. Environmental Protection Agency (EPA) Antimicrobials Division. The plenary sessions emphasized evolving domestic and international policy issues, and breakout sessions focused on topics of interest to specific segments of the antimicrobial pesticide community. The agenda included the following topics:

- Antimicrobial Testing Program;
- AOAC Use Dilution Test Method;
- Compliance with the Container Standard for Antimicrobials;
- Electronic Labeling;
- Update on draft Pesticide Registration Notice on Heating, Ventilation, Air Conditioning, and Refrigeration Systems;
- Worker Protection: Occupational Users of Antimicrobials (no slides available);
