

TSCA Chemical Data Reporting Rule Webinar Agenda

Webinar Agenda

- I. Welcome and Introductions
- II. EPA Perspectives on Key Changes and Why Needed
- III. 2012 Reporting Elements and Thresholds
- IV. 2016 Reporting Elements and Thresholds
- V. Comparison of Past, Present, and Future Reporting (2006 IUR, 2012 CDR, 2016 CDR)
- VI. Q&A/Discussion

Speaker Profiles

Charles M. Auer is President of Charles Auer & Associates, LLC. Charlie was former Director of the U.S. Environmental Protection Agency's (EPA) Office of Pollution Prevention and Toxics (OPPT) from September 2002 to January 2009, where he was responsible for the management and direction of the nation's chemical and pollution prevention programs. Prior to heading OPPT, Charlie was Director of the Chemical Control Division from 1992 until September 2002. Prior to that time, Charlie held numerous leadership positions in what was then called the Office of Toxic Substances. Charlie is affiliated with Bergeson & Campbell, P.C. and its consulting affiliates, The Acta Group, L.L.C. (Acta) and The Acta Group EU, Ltd (Acta EU)

Kathleen M. Roberts assists Bergeson & Campbell, P.C. with a wide variety of global chemical regulatory matters and consortia management issues. Kathleen has over 20 years of experience in domestic and international science and policy program management. She was a Senior Director with Regulatory and Technical Affairs at the American Chemistry Council where she directed strategic efforts on improving the current chemical management system, including creation of legislative proposals, communication documents, and educational materials. Kathleen has served as a spokesperson for industry at national and international conferences, including the Association of International Chemical Manufacturers, ChemCon Americas, Responsible Care® Conference, and GlobalChem Conference.

Susan Sharkey is currently Acting Chief of the Existing Chemicals Branch, Chemical Control Division. Susan has over 20 years of experience in EPA's OPPT. Primarily known for her efforts to develop the Inventory Update Reporting (now the Chemical Data Reporting) program into a primary and reliable source of screening-level exposure-related chemical data, Susan also has worked recently on EPA's Endocrine Disruptor Screening Program. Earlier in her career, Susan worked on Design for the Environment projects, various asbestos projects, the New Chemical Program, and other EPA efforts. Prior to joining EPA, Susan worked as a technical representative for a company supplying the plastics and paints and coatings industries. Susan has an MBA from Loyola College and a BChE from the University of Delaware.

Lynn L. Bergeson is Managing Director of Bergeson & Campbell, P.C. Lynn counsels clients on a wide range of issues pertaining to chemical hazard, exposure and risk assessment, risk communication, and related legal and regulatory aspects of conventional and nanoscale chemical regulatory programs under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), the Toxic Substances Control Act (TSCA), the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) regulation, and on issues pertinent to the domestic and international regulation of nanoscale materials, nanotechnology, and other emerging transformative technologies.
