

All of us at Bergeson & Campbell, P.C., The Acta Group, and B&C[®] Consortia Management, L.L.C. (collectively B&C[®]) wish to extend our condolences to the family and friends of George W. Wilson, Principal with CliftonLarsonAllen LLP, and B&C's Chief Information Officer and Chief Technology Officer of many years. In losing George on November 2, 2015, we have lost one of our own, as George has been an integral member of our team and family for almost 16 years. Not a single consequential decision regarding IT and financial management was made without George's input and advice. George's creativity, brilliance, sense of humor, and warm and engaging good cheer will be missed but never forgotten.

In honor of George, B&C is establishing the **George W. Wilson, Jr. Endowment Fund** to honor George's life and to memorialize his legacy with a lasting tribute to his passion for technology. The firm will make a substantial contribution to the Endowment Fund to jump start its growth. Details of the fund will be posted as soon as possible.
